

Find yourself trying to sail faster than another yacht?

Enjoy sailing in company?

Then you would enjoy racing in the Chichester Cruiser Racing Club

Introduction to Cruiser Racing

Wednesday 4th May 2022 at 7pm

an online seminar presented by CCRC Officers and members

Chichester Cruiser Racing Club is dedicated to cruiser racing with weekend races in Hayling Bay, the Solent and beyond. We also provide full and friendly assistance for those interested in or new to racing.

For 2022 we are offering this online meeting to provide an Introduction to Cruiser Racing for potential members.

In a couple of hours our online meeting will tell you about cruiser racing and our club. It will give an overview of what you need to know as well as allaying any misconceptions you may have and answering your questions.

And then...

You are then in a great position to come and crew with us or race your boat in a CCRC event as a guest entry. You could also join the club as a full member.

Chichester Cruiser Racing Club

The friendly cruiser racing club based in Chichester Harbour and racing in Hayling Bay, the Solent and beyond.

CCRC provides high quality, low cost and sociable racing and rallies for yachts around the Chichester Harbour area.

We have introduced many cruiser owners to the fun and competition of yacht racing and cruising in company. Our members have a wide range of yacht sizes and classes as well as levels of racing and cruising experience.

Our programme includes weekend races in Hayling Bay, the Solent and across the Channel with social events at local yacht clubs.

Joining a CCRC event and becoming a member is easy. You could even participate in a race as a guest and for our Beta fleet we can provide a suitable handicap number.
